PORTMEIRION®

The art of the everyday.

2024 Book

Portmeirion Village,
Gwynedd

The art of the everyday

Portmeirion pottery is made with a unique spirited individuality, just like the place that shares its name and where our founding mother grew up. Taking inspiration from the beauty of nature, the collections bring the outside in.

It's utterly distinctive, but built for the real world, embracing form and function, soul and spirit, mind and moments. This is what happens when you colour outside the lines.

Sophie Conran is the daughter of designer and restaurateur, Sir Terence Conran, and food writer, Caroline Conran. As a child, Sophie had the opportunity to enjoy and learn from both her father's design studio and her mother's kitchen and garden – the inspiration for Sophie's love of food and design.

Sophie Conran for Portmeirion is a multi-award-winning collection of tableware, cookware, bakeware, glassware and home accessories. Designed for modern-day living by cook and loving mother of two, Sophie Conran, this beautiful range is perfect for easy entertaining and everyday living as it's dishwasher, freezer, microwave and oven safe.

Creatures
of Curiosity

2024 Book

In 1770
we rewrote
the ceramics
rule book

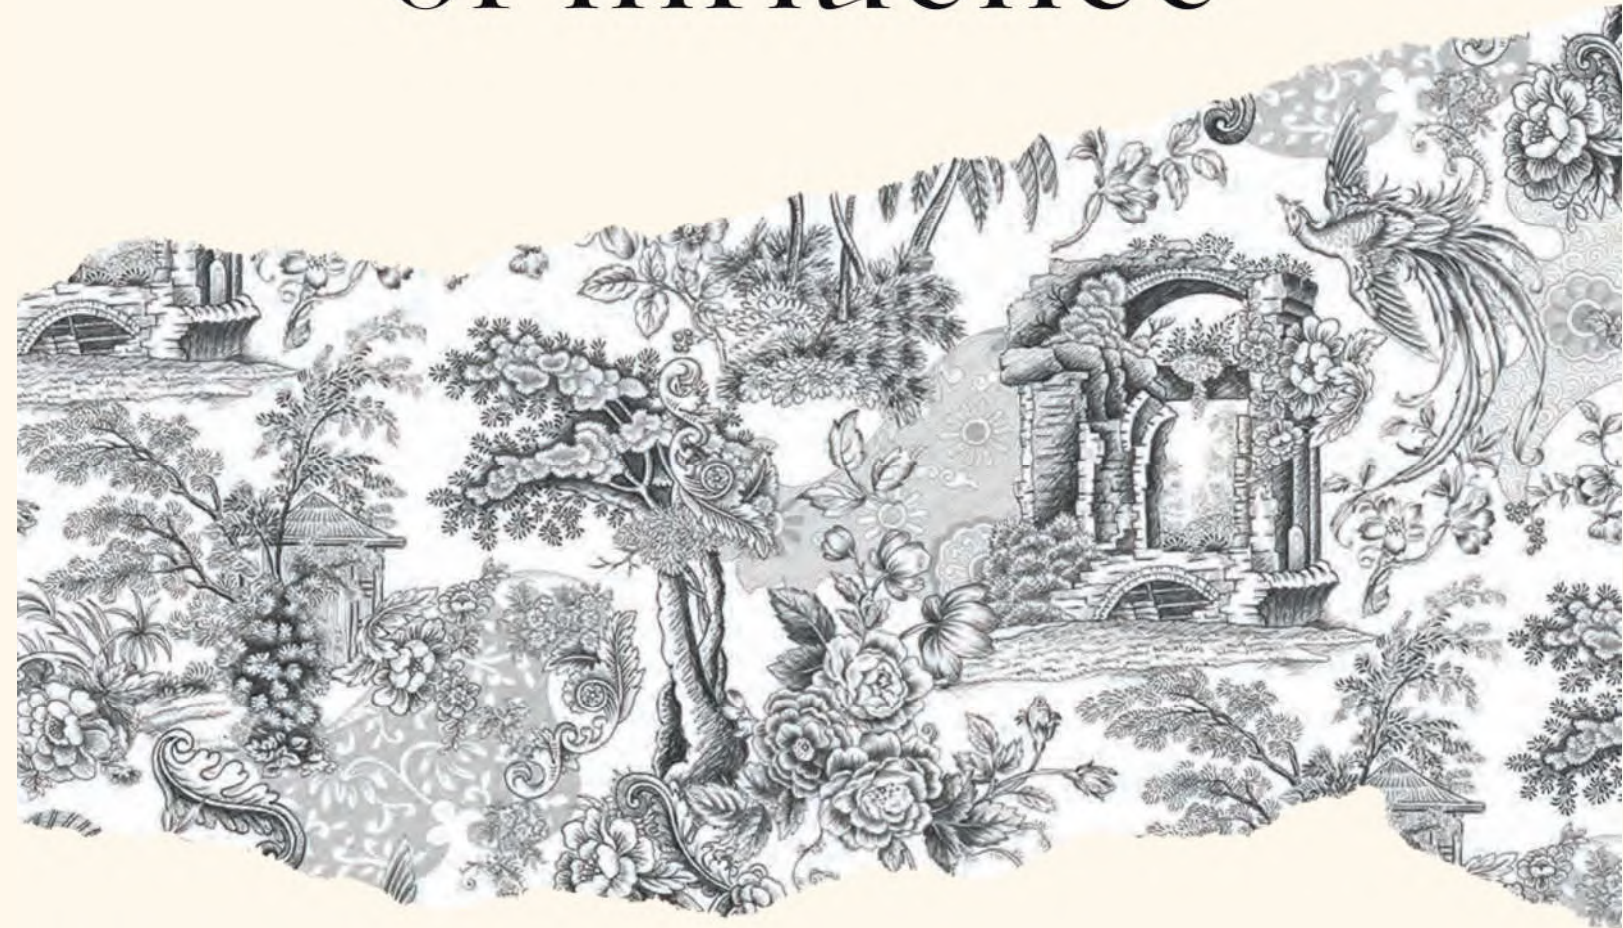

In 1770 Spode rewrote the ceramics rulebook.

By doing things differently we have become one
of the most enduring brands of all time.

We have always been a leader of unique style,
standing apart from other brands for over 250 years,
and today we boldly follow in our forebears' footsteps
with a brave and distinct approach to tableware
and homeware design

250 Years of Influence

Today, from our studio and factory in Stoke-on-Trent, Spode creates stylish pieces that evoke a sense of charm and intrigue.

Each one of our tableware, serveware and glassware collections has a link between the past and the modern day – modern patterns with a uniquely timeless feel is what Spode does, and what it does well.

“
One of the
greatest names
of the Industrial
Revolution.
”

The Spode backstamp is a promise that our collections have not only been produced using the finest materials, but have also met the highest standards of quality and design – a standard Spode is proud to live up to and has done since 1770.

Clash of the Patterns

250 years of Spode iconicity

Challenge the boundaries with patterns large and small, floral and illustrative, colours bold and white: Mix and don't match. More is always more. There is only one rule when it comes to pairing patterns and that is to do it your way.

Creatures of Curiosity

Rebel against the ordinary and rejoice in the uncommon.
Find your unmistakable style with Creatures of Curiosity from Spode.

Fantastical florals inspired by Spode's archive bloom amongst sweeping snakes and curious creatures playing to our obsession with all things weird and wonderful.

And look closer, if you dare, and you'll see delicate design details that give a nod to Spode's illustrious heritage and 250 year legacy.

A taste of the unexpected for a wild interior.

IS THERE A UNIVERSAL WINE GLASS?

RVF tested a dozen commercial wine glasses, from major producers, in search of a tasting glass capable of revealing the qualities of any wine with the same precision.

Authentis 02 The most versatile of all

Manufactured in Germany by Spiegelau, this crystal glass has great brilliance and is highly shock resistant due to its flexibility.

Slightly heavy to hold, it remains, non-the-less, an ideal choice for professionals and private consumers - especially due to its guaranteed of 1500 dishwasher cycles without breakage.

This model is the big brother of the slightly smaller Expert Tasting glass, also from Spiegelau.

At tastings, this glass performs well with virtually all wines; though some sparkling wines lose some finesse of the bubbles. As for the whites; it was with a Burgundian Chardonnay where the glass won many votes, as it presented the wine with great cleanness, both on the nose and the palate. Its size is an asset for reds such as the North Rhone, placing fruit in the front not the alcohol.
